THE MAYOR'S CORNER

Dear Residents,

Our annual Spring Fling was an incredible event again this year. Games, Tennis, Chess, Food, Art Show, Music and WOW — the fireworks were incredible! If you missed this event, you truly missed a great time enjoyed by hundreds of families. I would like to express sincere gratitude to all of the Volunteers, City Staff and to the staff of the Atlantis Country Club for their efforts in seamlessly pulling this event off. Marti Rayl and Chef Chris at the club did an incredible job with the food and venue. We could not have done it without their help and dedication to the City. Jason and Jennifer Kane and their staff again went out of their way to provide a fabulous, synthetic ice rink. I did not participate this year out of fear of injuring myself. However, many did and all had a great time gliding around the ice, some with grace, some not so much. But it was great to watch, and everyone had a great time trying their best.

To all of our residents who are heading north for the summer or vacationing for a week or two, I encourage you to list your homes on the dark list with our Police Department. This will allow us to monitor your home in your absence and alert you to any suspicious activity at your residence. It only takes a phone call and your property is on the list. In addition, our Police Department has done an exceptional job with their investigations into the criminal activity that hit our City this past year. They have made arrests in many of the cases and continue to diligently work to keep our City and residents safe, but we do need

to do our part in securing our homes and property. If you need any tips on how to better protect yourselves, feel free to give them a call and review the tips the Chief provides in these newsletters.

Summertime is upon us, which means the Hurricane season is right around the corner. This is the time to look at your property and consider trimming the trees or clearing out overgrown or loose debris before there is any storm activity. The kids will be out of school soon and enjoying our city even more. Remember, we share the streets with the pedestrians and the cyclists out there; obey the speed limit and watch carefully while driving at all times. Every day I see people on their phones while driving, texting or surfing the internet. This distraction, even if only for a moment, can ruin your life and possibly others'. "It can wait." Distracted driving is equivalent to getting behind the wheel intoxicated. Standing in my driveway the other day I watched a car drive by my house and the driver was not even watching the road but clearly staring into his phone. As he passed I was able to get his attention at the last minute by shouting and half the car ended up in the grass on my neighbor's yard. He dropped his phone, straightened his path and carried on his way. Remember: "It can wait." Nothing is that important that can't wait a few minutes until you can safely pull over or reach your destination.

Serving proudly,

Mayor David Kintz

City of Atlantis
260 Orange Tree Drive
Atlantis, FL 33462

Manager's Notes May 2015

I hope you were able to join us for Spring Fling. It was our best yet! Thank you to all our volunteers who make the day possible! Our volunteer committee works for months to make this event special. A special thanks to Pat Matulis for all her help in organizing the event and writing the newsletter copy. The remainder of the volunteers are mentioned on page 6. Thank you to all!

Our first community shred event was a big success. Over 40 residents took advantage of the Shred-It shredding truck that set up in the parking lot of the Atlantis Country Club on April 25. The event was sponsored by Southern Waste Systems and the Atlantis Police Department. Officers were on hand with materials on crime prevention and identity theft. We plan to make this an annual event.

As we transition to summer, there are a few things we need to remember. Hurricane Season begins June 1. If you are leaving for the north, be sure to secure your property and put away any outdoor furniture or other items that may become airborne in a storm. All residents should have their vegetation trimmed to reduce potential damage resulting from a storm.

If you are leaving for the summer season, or just for vacation, secure your property including the use of your alarm system. Notify the police department with the name of a local contact and place your home on the Dark List. It will be checked periodically by a police officer.

I had a report of a red fox on the private golf course, apparently feasting on a duck. Owners of small dogs and cats should keep an eye on their pets when outdoors.

As always, I can be reached at City Hall or by email at mthornton@atlantisfl.gov
Mo Thornton, City Manager

City News...

The City's Local Planning Agency was called to order at 7 p.m. on April 15th. Consideration was given to Ordinance 430 by a 4-0 vote. This ordinance amends the definition of the term "fence" and amends the section permitting outdoor seating and dining in the C-1A zoning district so as to clarify existing regulations.

The City Council meeting immediately followed. Ordinance 430, mentioned above, was again voted on and passed 4-0 on first reading.

Ordinance 431, changing the municipal election date to coincide with the Presidential Preference Primary in 2016 passed 4-0 on first reading.

Ordinance 432, establishing a storm water utility passed 4-0 on first reading.

Ordinance 433, annexing the property at 4960 S. Military Trail, passed 4-0 on first reading. Once annexed into Atlantis, the 2.85 acre property will become the home of a four-story self-storage complex and a retail store.

Resolution 15-07 passed 4-0, authorizing the Mayor to sign an agreement with Wynn and Sons for the Clubhouse Boulevard Paver Brick Construction Project at a cost of \$26,316.00.

Resolution 15-08 also passed 4-0, authorizing the Mayor to sign an agreement with Foster Marine Contractors for storm drain projects.

In Miscellaneous Business, City Manager Mo Thornton requested Council permission to authorize purchase orders for new Clubhouse Boulevard lighting, and hiring Atlantis Electric for the project.

Spring Fling was once again a success. Council enjoyed the activities, food, and entertainment, and thanked Atlantis Country Club for all their help and the use of their property. Next year's Spring Fling will be held on Saturday, April 9th.

William Mitchell

(official minutes available at www.atlantisfl.gov)

POLICE DEPARTMENT NEWS

Chief Robert Mangold

Community Safety through Community Awareness and Involvement:**Crime Prevention Tip: Lighting**

Last month information was presented about securing your sliding doors and windows; this month we are continuing with information about lighting.

Lighting

Interior lighting is necessary to show signs of life and activity inside a residence at night. A darkened home night-after-night sends the message to burglars that you are away on a trip. Light timers are inexpensive and can be found everywhere. They should be used on a daily basis, not just when you're away. In this way you set up a routine that your neighbors can observe and will allow them to become suspicious when your normally lighted home becomes dark. Typically, you want to use light-timers near the front and back windows with the curtains closed. The pattern of lights turning on and off should simulate actual occupancy. It's also comforting not to have to enter a dark residence when you return home. The same light timers can be used to turn on radios or television sets to further enhance the illusion of occupancy.

Exterior lighting is also very important. It becomes critical if you must park in a common area parking lot or underground garage and need to walk to your front door. The purpose of good lighting is to allow you to see if a threat or suspicious person is lurking in your path. If you can see a potential threat in advance then you at least have the choice and chance to avoid it. Exterior lighting needs to be bright enough for you to see 100-feet and it helps if you can identify colors. Good lighting is definitely a deterrent to criminals because they don't want to be seen or identified.

Another important area to be well-lighted is the perimeter of your home or apartment especially at the entry-way. Exterior lighting on the front of a property should always be on a timer to establish a routine and appearance of occupancy at all times. Common area lighting on apartment properties should also be on a timer or photo-cell to turn on at dusk and turn off at dawn. The practice of leaving the garage or porch lights turned on all day on a single family home is a dead giveaway that you are out of town. Exterior lighting at the rear of a home or apartment are usually on a switch because of the proximity to the sleeping rooms. The resident can choose to leave these lights on or off. Security lights with infra-red motion sensors are relatively inexpensive and can easily replace an exterior porch light or side door light on single family homes. The heat-motion sensor can be adjusted to detect body heat and can be programmed to reset after one minute. These security lights are highly recommended for single family homes.

- Use interior light timers to establish a pattern of occupancy
- Exterior lighting should allow 100- feet of visibility
- Use good lighting along the pathway and at your door
- Use light timers or photo-cells to turn on/off lights automatically
- Use infra-red motion sensor lights on the rear of single family homes

In June's newsletter we will continue with home burglary and alarm systems.

License Plate Recognition (LPR) Cameras: All Atlantis entrances and exits are equipped with LPR cameras. LPR cameras take a picture of a vehicle and its license plate as it moves through our gates, then the license plate, vehicle, and registered owner are automatically checked in a State data base to determine if the plate or vehicle is stolen or if the owner is wanted. We also have the ability to enter a vehicle in the system so that we receive an alert if it enters the City. Contrary to rumors circulating the City, our camera system has been in place for a number of years and is functioning per required specifications.

*Congratulations to the winners of the
Spring Fling 2015 tournaments!*

At the conclusion of the day, the first 3 places ended in a draw. Six additional games were played to determine the final standings: John Schwan took 1st place; Peter Giuliani and Rob De Cesare tied for 2nd. This year's event was the best attended since John Davidson's first tournament in 2012!

Tennis Round Robin

1st Place: Betsy Savitt
2nd Place: Seth Eber;
3rd Place Tie: Barb Deaver, Martin Colin & Hein Erdmann

Storm Water Utility

One of the initiatives this year has been the exploration of the establishment of a Storm Water Utility in Atlantis. We have all heard the national and local news regarding the condition of the roads and other infrastructure in cities across the county and across the nation. Atlantis is no exception. Much of the city's infrastructure is 50 years old. There has not been any new funding source for roads and storm drain repairs in over 25 years. This year alone we are facing projects in excess of \$180,000 for storm drain repairs, and a road project over \$200,000. Our dedicated funding through gas tax revenue is stagnant at \$90,000 - \$95,000 per year.

The Atlantis Storm Water System consists of the valley gutters, inlets and underground pipes that connect to the lakes and canals to handle the rainfall runoff. In addition, there are federal requirements for pollution control activities which must be undertaken by the city. Keeping these facilities in good repair is essential to provide flood control within the city. In recent years we have spent many thousands of dollars on repairs to the system. Our budgeted dollars for these projects have traditionally been shared with the road repair dollars. Our budget for these projects is tied to the local share of gas tax revenue. Our local share of these funds has not increased in more than 10 years. The result has been that we are trying to do more with less. Unfortunately, this is no longer possible.

In order to free up dollars for road repair, the council undertook a study to establish a storm water utility. First Reading of the ordinance to establish the utility passed at the April City Council Meeting. This will provide a dedicated funding source for the maintenance of the storm water system. The proposed fee of \$4.50 per month (\$9.00 per billing cycle) will be put to a vote at the May Meeting. If passed, this fee will appear on the May utility bill. Nobody likes new fees, but this is necessary to protect the integrity of the city.

Flags

We have quite a number of patriotic residents as shown by the number US Flags flying throughout the community. Flag Day is June 14, followed by Independence Day on July 4. In cleaning out the storage closet at City Hall we found a 3' x 5' US Flag that was flown over the United States Capitol in 2008. It was given to us by Congressman Ron Klein. Since the city does not use this size flag, we would like to offer it to a resident who would fly it at their home. If you are interested please contact City Hall.

There are a few flags within the community that are ripped or faded. Please check your flag and replace it if it is in disrepair. Old flags may be brought to city hall for donation to the local Boy Scout troop; these Boy Scouts earn a badge while learning the proper treatment of the US Flag. If you fly your flag 24/7, it should be lit at night. Treat your flag with the respect it deserves, and fly your flag proudly.

Clubhouse Boulevard Repairs

Beginning Monday June 1, 2015, Clubhouse Boulevard will be closed at times for repairs for a period of two weeks.

From Monday June 1 through Friday June 5 the INBOUND LANE of Clubhouse Boulevard from Congress Avenue to Villa Drive will be closed to all traffic. Traffic may exit Clubhouse Boulevard during this period. THERE WILL BE NO INBOUND TRAFFIC PERMITTED DURING THIS TIME

Beginning Monday June 8 through Friday June 12 the OUTBOUND LANE of Clubhouse Boulevard from Congress Avenue to Villa Drive will be closed to all traffic. Traffic may enter the city via Clubhouse Boulevard during this period. THERE WILL BE NO OUTBOUND TRAFFIC PERMITTED DURING THIS TIME.

This closure is necessary to complete repairs of the paver bricks at the entrance. Use JFK Drive as an alternate during this time. The JFK Entrance will remain open from Midnight to 6:00 am when Clubhouse Boulevard is closed.

Spring Fling 2015—Another super party!

Just when we thought they couldn't get any better, the fireworks at this year's Spring Fling were absolutely

FANTASTIC! THE BEST EVER!

They capped off another fun-filled day with activities for everyone—a garden tour, an art sale and show, classic car show, games and ice skating for the kids, tennis and chess tournaments, and a delicious buffet dinner. Valerie and Stan made the patio rock with their great music--both young and “young at heart” party-goers joined in the singing and dancing, only stopping to “ooh and aah” at the fireworks extravaganza at 8 o'clock. And the singing and dancing went on....

Thank you to all who made it happen—City Manager Mo Thornton and her staff, Chief Bob Mangold and our police officers, our “Friends of the City” who made financial contributions (see page 7), and the more than 570 people who joined in the festivities.

Special thanks go to everybody who planned the day and made it run smoothly:

Cathy Nothnagle for organizing the Garden Tour and to the residents who invited us into their gardens;

Maureen Cleary, Peg Heinrich, Carol Johnson, Janet Rosenberg and Trina Weisman for organizing the art show;

Jason and Jennifer Kane for making ice skating possible on an April day in Atlantis;

Judy Wilkinson and Coach Sherwin Anderson for organizing the tennis tournament;

Carolyn and John Schwan for organizing the chess tournament;

All those who showcased their classic cars;

Susan Methfessel and Bobby Dicks for getting together their teams of volunteers who sold wristbands and souvenirs, worked at the Garden Tour, the ice rink, and/or during the buffet dinner: Marcel Arrouet, Dick Baily, Sue Dahlgren, Gail Howell, Betty & Stewart Hurline, Randi Jarislowsky, Bev Keller, Noreen Meyers, Paula & Alan Michelson, Norma Poretz, Marty Romeo, Justine Rossi, Carolyn Schwan, Sherry Szczublewski, Annie & Tony Vacca, Sue Wagner and Drue Weinstein; also, students Christopher Gallo, Victoria Gallo, Emily Kintz, Tyler Kintz, McKenzie Kirlan and Nicole Thornton.

Finally, a **VERY BIG THANK YOU** to Marti Rayl, Chef Chris and the entire staff at Atlantis Country Club for their terrific work from morning through night—for preparing and serving outstanding food and beverages—all done with professionalism and personality!

See you next year!

**Mark your calendars for our 7th annual Spring Fling!
Saturday, April 9, 2016**
